Part 1: The Movie Begins...

It's a dark and stormy night. A few shots of the sky with lightning streaking across it come into play. The scene slowly fades to a dark and spooky graveyard. The scene then cuts to a gravestone... engraved in the grave are the words "Funk King". Suddenly a rumbling sound is heard as the ground starts to shake. The grave tips over and up comes a killer Afro! The Afro slowly looks around.

King Afro- "I'm... alive....!"

The Afro jumps out of his hole turns around and starts saying a sacret chant.

King Afro- "Ah, Ah, Ah, Ah, Stay'n Alive, Stay'n Alive!"

Suddenly 3 more afros spring up from their graves. The Afros slowly turn around and face their leader.

Afro #1- "My Lord, what year is it?"

The King Afro slowly turns and looks out in the distance.

King Afro- "It's the year of the Afro."

Afro #2- "You mean...?"

King Afro- "Yes, it is time for us to unite and take over the world!"

Lightening suddenly flies across the sky with a clash of thunder

King Afro- "We must establish our army! Quickly start digging up the rest of our commrads, there is no time to loose!"

Afro #1, #2, and #3- "Yes Sir!"

The Afros then start bouncing around the graveyard digging up their commrads. The Camera focuses on King Afro as he laughs like a mad man.

King Afro- "Dig you bastards, Dig, Dig!"

Part 2: The Heros are Introduced...

The scene begins showing Denis's and Roger's house. The scene then cuts into the living room of the house.

Denis- "Dammit Roger! I want you to get rid of all this disco crap right now!"

Denis point around the house showing off various 70's like things.

Roger- "No way man! I love disco and I will never get rid of it!"

Denis- "Disco has been dead for over 20 years!"

Roger- "No! Good things never die!"

Denis- "Exactly, Disco is horrible, that's why it died!"

Roger- "Take that back man!"

Denis gets right into Roger's face.

Denis- "Make me!"

Roger- "Um..... No! Just don't talk smack about disco man!"

Denis- "Moron."

Denis then walks into his bedroom and closes the door. Roger looks over at the clock on the wall.

Roger- "Holy crap! The Disco Marathon comes on in 3 minutes!"

Roger grabs the remote and turns on the TV.

Part 3: The Invasion Begins...

The scene starts with King Afro and his 3 main Fros standing on a hill.

King Afro- "Is everything ready?"

Afro #1- "Yes my Lord, we have an army of about 20 Fros. It may not be much, but I think it will be enough"

King Afro- "Excellent"

Afro #3- "What do we do now boss?"

King Afro- "We need to get some bodies. Then we can take over the world!"
